“ Tia, I remember when you were staying at our house and you and mama and my mom would have your glass of wine at night and tell stories and laugh- it was beautiful!! I remember Vegas and you and mama playing on the bank of slot machines by the elevators FOR 3 STRAIGHT DAYS!! You two were so funny! Thank you for always being loving! I know Heaven is beautiful and I know my Joe was there to greet his “pretty lady” when you arrived! Seeing Tio Lupe and the family must have been awesome! Give everyone hugs and kisses for me til I see you there myself one day! Love you!

“ I will Always remember your witty remarks, funny comebacks and our casual talks. You will forever be in my heart mom I miss you so much, calling me from your room "Ricky come here mijo". You were my queen mom. I LOVE you so much. My comfort is the God took you home peacefully and gracefully and that you are with dad and Jr. Until we meet again
