“ Jane was a beautiful, devoted single mother to her only daughter Melanie who passed away much too young of cancer. Jane was an incredibly strong woman who nursed at least three people close to her through terminal cancer, including Melanie and Jane's late partner, John, who passed away just before her. She was devoted to her 6 sisters and brothers, all of whom passed before her except one surviving brother, Lloyd Joiner. She loved to receive photos of her late sister Barbara's great-grandchildren from Seattle, whom she often said she longed to hug and "squeeze"; Otis, 3 and baby Eloise Lang. Her loving words and emails about them will be passed on to them. ”

---Cara Lang, her loving grand-niece and Cara's mother, Cathy Lang.
